## Woodley Town Carnival Celebrates Its 50<sup>th</sup> Anniversary 50 floats – one for each year that’s the aim

On 5<sup>th</sup> June 2010, Woodley will be celebrating the 50<sup>th</sup> anniversary of the Woodley annual carnival. The first carnival was in 1960 and the 2010 Carnival will be a celebration of the past 50 years and a chance to welcome the next 50 years. Woodley Carnival Procession is always a popular feature of the day and this year looks set to be the biggest ever.

The carnival committee is looking for more local clubs, schools, businesses or even families to organise a float to reflect this year’s 60s theme. The 60s saw some incredible events in history. It was an amazing decade for science, space travel, music fashion and sport, so the scope for creativity is huge.

Bill Soane, chairman of the Woodley Carnival Committee explains:

‘We are hoping that this year will attract plenty of interest from groups willing to get involved and have fun and we are planning an event to give an insight into how to prepare and plan a Carnival Float Project. The Carnival is a fantastic opportunity to build community spirit whilst having fun and doing something worthwhile.’

If you would like to enter a float in this year’s procession please email or complete the tear-off slip below. Please register early, we would like to know how near we are to our target of 50 floats!
